INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1985, ch. 127, pars. 1001 et seq., as amended).

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF PROPOSED AMENDMENTS

1) Heading of Part: Financial Responsibility of Parents or Guardians of the Estates of Children

2) Code Citation: 89 Ill. Adm. Code 352

3) Section Numbers: Proposed Action
352. Appendix A Amendments

4) Statutory Authority: Ill. Rev. Stat. 1989, ch. 23, par. 5005.

5) A Complete Description of the Subjects and Issues Involved: These amendments to Section 352, Appendix A correct the discrepancy between Department of Public Aid (DPA) and DCFS child care fee schedules. Effective April 1, 1990, families who receive Transitional Child Care (TCC) services through DPA were assessed a minimum weekly fee of at least \$.25. The DCFS weekly fee schedule does not assess a minimum fee. Two families with the same family income and family size receiving child care services from the same provider will be assessed a different weekly fee or one family may be assessed a fee and another family not assessed any fee. This discrepancy requires providers to use different fee schedules and different calculations for a family with the same circumstances. Since the fee schedules are not the same, DCFS is implementing a fee schedule to correct the inconsistency for families and providers.

6) Will this proposed amendment replace an emergency rule currently in effect? No.

7) Does this rulemaking contain an automatic repeal date: Yes X No

8) Does this proposed amendment contain incorporations by reference? No.

9) Are there any other amendments pending on this Part? No.

10) Statement of Statewide Policy Objectives: This rulemaking does not create nor expand the state mandate as defined in Section 3(b) of the State Mandate Act (Ill. Rev. Stat. 1989, ch. 85, par. 2203).

11) Time, Place, and Manner in which interested persons may comment on this proposed rulemaking:

Comments on this proposed rulemaking may be submitted in writing for a period of 45 days following publication on this notice. Comments should be submitted to:

- 4) Statutory Authority: Ill. Rev. Stat., 1989, Ch. 122, par. 102-4, 102-16, and 106-5.3

5) A Complete Description of the Subjects and Issues Involved:

1501.113

These modifications to the ICCB rules are proposed to allow the Board to make district detachment/annexation decisions based in part on self-determination or the wishes of local residents.

1501.508, 1501.509, and 1501.515

The purpose of these proposed amendments is to address the return of unused and improperly used grant funds.

1501.517

These amendments are designed to allow a district to subsidize the retiree's health insurance cost where the individual chooses to maintain coverage independent of the district. Fiscal year 1990 was the first year of the retirees health insurance grant program. A major concern identified during the year was the ineffectiveness of the program in serving all community college retirees. Contributing to this situation is the fact that the grant's status is uncertain from year to year. Consequently, although a district may be able to make coverage available, the retiree is gambling on the availability of funds to subsidize his/her cost in the future. Furthermore, the uncertainty of the funding from year to year discourages retirees from forfeiting their current coverage in lieu of the coverage offered through the college. Finally, in most cases where coverage has been made available by the district's carrier, various pre-existing condition exclusions and physical examination requirements have been associated with the coverage. This is a significant disincentive for the retiree to pursue the district's coverage, especially if the retiree currently possesses a policy from an independent source.

a) ICCB mandatory annexation and new detachment decisions concerning approval or disapproval of requested detachments and subsequent annexations are required by Section 5-5.3 4/8/7 (Ill. Rev. Stat. 1989 1987, Ch. 122, par. 106-5.3 106/8/7) to be based on the criteria of being "in the best interests of the schools in the general area and the educational welfare of the students residing within the territory." These criteria are defined as follows: All detachments made by the ICCB shall be based on these criteria before assignment is made.

1) "In the best interest of schools" - The effect of the proposed annexation/new district formation on:

A) Reasonableness of cost to taxpayers of the territory being annexed to an existing community college district or becoming part of a new community college district, i.e., whether the operating tax rate of the community college district exceeds the chargeback levy of the non-district territory;

B) Finances of the existing or new community college district, i.e., the equalized assessed valuation of the non-district territory is examined to determine how much tax revenue will be generated for the community college district to which the non-district territory could annex; and

C) Enrollments of the existing district,

i) which community college the non-district territory students have been attending and

ii) effect of additional enrollments when the non-district territory is annexed to a community college district.

A) Program availability to students of the territory being annexed to an existing community college district, i.e., will the program be more available to students should annexation be approved?

ILLINOIS COMMUNITY COLLEGE BOARD

NOTICE OF PROPOSED AMENDMENTS

B) Physical access of students to the campus(es) of the existing or new community college district, i.e., what is the distance and time which the students must travel to attend?

C) Cost to students to attend the existing or new community college district, i.e., what are the tuition and fees and commuting costs associated with attending that community college district?

D) And participation by students in their normal economic, cultural, and social activities, i.e., where do potential students shop, work, and attend religious and cultural events?

When the number of signatures on the petition represents at least one-fifth but less than half of the resident voters of the affected territory, the prayer of the petition will receive equal consideration to the criteria in subsection a. When the number of signatures on the petition represents more than half of the resident voters of the affected territory, the prayer of the petition will be approved.

3) When annexation of a territory is considered and that territory is contemplated by more than one community college district, the criteria for annexation shall be applied equally to all community college districts to which that territory could annex.

Section 810.37 Definitions for Site Specific Sportfishing Regulations

- a) Site Specific Regulations are listed by water area affected. The coverage of the regulation is dictated by the extent of the water area listed and not by the county. In some cases, regulations for a given water area or site may extend beyond the county(ies) listed. The county(ies) listed refer to the location of the dam or outfall for impoundments or mouths of small streams. Since large rivers or streams usually flow through many counties, the term "Multiple" is used rather than listing all counties where the large stream or river flows.

The provision of intensive family preservation services will be phased-in in accordance with Section 302.530."

Section 302.520(a), (b), (c), (d), (e) and (f) have been modified to state "may" before "include" and to add "caretakers" in Section 302.520(a).

Section 302.520(b) was modified to state "counseling which may include individual therapy, infant stimulation therapy, family therapy, group therapy, self-help groups, drug and alcohol counseling, vocational counseling and post-adoptive services."

SUBPART A: GENERAL

Section 861.100 Purpose

The purpose of the Used and Waste Tire Removal Priority List (TPL) is to identify factors for establishing the priority of sites for Consensual Removal Actions under Section 55.3(c) of the Illinois Environmental Protection Act ("Act") (Ill. Rev. Stat. 1989, ch. 111 1/2, par. 1055.3(c)).

Section 861.110 Application

The TPL applies to the removal of used and waste tires under the Consensual Removal Action provisions of Section 55.3(c) of the Act.

Unless the context otherwise clearly requires, words and terms used herein shall have the meanings set forth in Sections 54.01 through Section 54.16 of the Act. Words and terms not defined in those sections shall have the meanings otherwise set forth in Title I of the Act.

SUBPART B: PRIORITY FACTORS

Section 861.200 Sites Eligible for Consensual Removal Action

- a) A site shall be eligible for a Consensual Removal Action to be performed by the State to remove used or waste tires from the site at no cost to the owner only if all the following requirements are met:
- 1) No more than 500 used or waste tires are accumulated at the site;
 - 2) The owner of the tire accumulation pile is willing to voluntarily enter a written agreement with the Agency on Form Number IL 532 1914, and
 - 3) The owner of the site authorized and consents to entry upon the property by the Agency or authorized representatives or contractors to remove used or waste tires.
- b) The requirements of subsection (a)(1) shall be met by a site at which more than 500 used or waste tires are accumulated if the site owner has entered a Tire Removal Agreement with the Agency pursuant to Section 55.4 of the Act and has removed used or waste tires from the site in accordance with the Tire Removal Agreement such that no more than 500 used or waste tires remain at the site.

Section 861.210 Determining Priority for Removal of Used and Waste Tires

- a) The Agency shall identify, from the categories provided in this Section, the priority classification of sites at which the Agency intends to perform a Consensual Removal Action. The Agency shall include a site within a category only if the site is eligible for Consensual Removal Action under Section 861.200.
- 1) "Environmental/Health Hazard Sites." A site shall be included within this category if the accumulation of used and waste tires at the site poses a threat to human health or the environment or a significant and immediate risk of creating such a hazard. Sites in this category shall have the highest priority for Agency action.
 - 2) "Non-Commercial Sites." A site shall be included within this category if the site is not an Environmental/Health Hazard Site under subsection (a)(1) and the site is not a Commercial Site under subsection (a)(3). Sites in this category shall have the second highest priority for Agency action after Environmental/Health Hazard Sites; except that, it shall not be necessary for the Agency to take Consensual Removal Actions at all Environmental/Health Hazard Sites before taking Consensual Removal Action at the sites in this category.
 - 3) "Commercial Sites." A site shall be included within this category if the used or waste tires were accumulated as a normal course of business. Such sites shall include, but are not limited to the following:
 - A) Commercial tire retail facilities;
 - B) Salvage and scrap yards;
 - C) Trucking terminals; and
 - D) Fleet vehicle repair and service facilities.

NOTICE OF ADOPTED RULES

The Agency shall use State funds to perform Consensual Removal Actions at sites in this category only if State funds are sufficient to perform Consensual Removal Actions at those sites designated for action in the Environmental/Health Hazard Site and Non-Commercial Site categories.

- b) Annually in July, the Agency shall publish a TPL arranged by the categories provided in this Section. Within each category, the Agency shall determine the order in which sites shall be the subject of a Consensual Removal Action. The Agency shall consider the following factors in determining the order for the sites:

- 1) Whether removal action has been requested by the Illinois Department of Public Health or a local public health agency.
 - 2) The number of persons residing, working or engaged in recreational activities within one-quarter mile of the site.
 - 3) The type of removal action required and number of tires on a site.
 - 4) Whether access to the site by members of the general public is restricted by a fence or other barrier.
 - 5) Whether the tires were placed on the site without the owner's knowledge.
 - 6) Whether the owner received compensation from other persons to accept the tires.
 - 7) Whether the owner has the capability to undertake or finance the removal action.
 - 8) Other factors relating to the site, including but not limited to whether State resources are available to perform the removal action, pending enforcement actions.
- c) As of each January 1, where listed sites are not ready to proceed with remedial action, the Agency shall proceed down the list in order of priority to other sites which are ready to proceed.

15) Summary and Purpose of Rules:

P.A. 86-1136 provides that all the Level I Trauma Centers designated by the State may participate in this grant program and mandates the delegation of authority to designate trauma centers under the Act to the City of Chicago. With this delegation, the Illinois General Assembly intended for the Level I Trauma Centers in Chicago to be included in the grant program. Therefore, in order to properly and effectively implement this grant program the standards for the grant program and the delegation of authority are established by this rule.

The Illinois Trauma Center Code includes rules for the designation of Level I and Level II Trauma Centers. These changes to these rules set further the policies for the delegation of authority to implement the Trauma Center designation program and provide grants to Level I Trauma Centers.

The Illinois General Assembly enacted and Governor signed into law Public Act 86-1136 authorizing the Department to award grants to Level I Trauma Centers based on need. Accordingly, the Department has adopted a formula where key indicators of need are the proportion of statewide Medicaid and uninsured trauma patients served. Trauma patients are defined as patients admitted to Level I Trauma services with an Injury Severity Score (ISS) score of 9 or above. There is substantial support in medical literature for the selection of 9 as an ISS score differentiating less severe injuries from more severe trauma cases requiring significant trauma care resources.

The needs of regional trauma systems are a critical element of Illinois' trauma policy. The Department's trauma program seeks to prevent duplication of costly trauma services within a given area and to encourage an appropriate size for trauma systems given the needs and volume generated by an area's population.

The Department's twofold objective, then, is to specifically address the complicated financial pressures faced by Level I Trauma Centers and to build into the methodology sufficient flexibility to allow for system

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

development in regional areas with high need. The Department has considered several different approaches to distributing the trauma grant money, ranging from an equal division of the money among all trauma centers to the Department accepting competitive applications for a portion of the total.

Several key indicators of need are, however, in the Department's view essential elements of a methodology. They are (1) the volume of Medicaid and uninsured trauma patients seen at Level I Trauma Centers, (2) an ISS threshold that assures that the cases considered represent true trauma patients, (3) Trauma Centers with financial problems above and beyond the norm and (4) regional trauma system development issues. These considerations have led us to develop a methodology that has both quantitative and qualitative components. The Department presents here a methodology we believe is fair and workable and meets our statewide policy objectives.

Allocation of grant money on a regional basis is the necessary first step in light of the need to develop and maintain regional trauma systems. The regional allocation is calculated using as its basis the percentage of statewide Medicaid and uninsured trauma patients served in that region. Although important conceptually in defining areas of need, trauma regions themselves will not be grant recipients. The methodology does assure, however, that each region with a Level I Trauma Center will have at least one hospital that will receive \$50,000, a policy which supports regional trauma systems.

Once the statewide appropriation is divided into regional allocations, then actual grants from the Department to individual hospitals within regions will occur. This step will be accomplished in two ways. The regional allocation will be divided into two portions. The first portion will be allocated to individual hospitals based on the percentage of regional Medicaid and uninsured trauma patients served in that hospital. This quantitative need-based approach used for half of the allocation is sensitive to the actual financial pressures experienced in providing trauma care and rewards centers with high volumes of low income patients.

The method for disbursing the second portion of the regional allocation provides a more flexible approach in considering qualitative information. The rule specifies a Department review of proposals from Level I Trauma Centers documenting problems related to individual hospital volume, special needs within a trauma region and an assessment of unique financial hardships faced by an individual hospital. This method of distribution of the second portion of the regional allocation to individual trauma centers can serve to bolster the viability of a regional trauma system, a purpose which is well within the intent of the statute.

In summary, the Department is satisfied that this methodology effectively

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

combines a needs-based allocation that is sensitive to the additional financial responsibilities assumed by Trauma Centers and a more discretionary allocation that allows the Department to respond to special needs and circumstances within evolving trauma systems.

Section 540.35 has been added to set forth the statutory mandate of the delegation of authority to implement the Trauma Center designation program under the Act and this Part to local health departments, performance criteria for such a delegation and the standards for revocation of the delegation. Section 540.210 has been added to set forth the above described methodology.

Section 540.210 Level I Trauma Center Grants

THE DEPARTMENT OF PUBLIC HEALTH MAY MAKE GRANTS TO HOSPITALS MEETING THE CRITERIA FOR AND DESIGNATED AS LEVEL I TRAUMA CENTERS BASED ON NEED. (Section 27.2 of the Act). Because of their unique contributions to patient care, the trauma centers of Illinois are a very valuable resource to the citizens of the State of Illinois. Due to the special responsibilities of Level I Trauma Centers within regional trauma systems, Level I Trauma Centers experience additional financial costs. The Department of Public Health acknowledges that these additional costs exist and will make grants to Level I Trauma Centers based upon need as reflected in the grant funding methodology set forth in this Section. The purpose of the grants described in this Part is to assist Level I Trauma Centers in carrying out their responsibilities within regional trauma systems.

- a) In order to participate in Level I Trauma Center grants, a Level I Trauma Center must submit a notice of intent to participate for funding under subsection (b)(2)(A), and an application for funding under subsection (b)(2)(B), on forms provided by the Department by a date set by the Department. The application shall include the following:
 - 1) The name, address and person responsible for carrying out the provisions of a grant under this program.

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

- 2) A brief description of the reasons the grant is being requested including a specific explanation of the hospital's financial situation as it relates to the operation of a Level I Trauma Center.
- 3) Any financial statements or any other documentation to support a financial need related to the funding formula set forth in this Section.
- b) Criteria for Level I Trauma Center Grants.

Level I Trauma Center Grants shall be awarded using the following formula which first allocates the appropriated funds by Trauma Region and then within a Trauma Region divides the funds for individual Level I Trauma Centers. The formula shall be implemented using Illinois Trauma Registry data for the most recently available two quarters or estimated trauma data using existing sources of data such as individual trauma centers, hospitals or the Illinois Health Care Cost Containment Council when the Illinois Trauma Registry data is not available. For the purpose of this Section, Trauma Region shall mean the Trauma Regions established by the Department in which Level I Trauma Centers are located and Trauma cases are those which represent patients admitted to a trauma service with an Injury Severity Score (ISS) of 9.0 or above.

- 1) The appropriated funds shall be allocated by Trauma Region utilizing the following formula for proportional division by Trauma Region: The total number of Medicaid Trauma Cases plus the total number of Uninsured Trauma Cases at the Level I Trauma Centers in a Trauma Region divided by the total number of Medicaid Trauma Cases plus the total number of Uninsured Trauma Cases at the Level I Trauma Centers in the State. The resulting portion is multiplied by the amount of money available.
- 2) In determining the division of the appropriated funds allocated by Trauma Region in accordance with subsection (b)(1) to individual Level I Trauma Centers, the Department will divide the available funds in two portions which shall be allocated in accordance with the following two part funding formula:
 - A) The first portion shall be at least 75 percent of the amount available for that region and shall be awarded to individual hospitals based upon the multiplication of the available funds by the total number of Medicaid Trauma Cases plus the total number of Uninsured Trauma Cases at individual Level I Trauma Centers in the Trauma Region divided by the total number of Medicaid Trauma Cases plus the total number of Uninsured Trauma Cases at the Level I

Trauma Centers in the Trauma Region.

- B) The second portion shall be no more than 25 percent of the amount available for that region and shall be awarded to individual hospitals based upon consideration of the following criteria:
 - i) Medicaid Trauma Cases plus Uninsured Trauma Cases of Specific Level I Trauma Centers divided by the Total Number of Trauma Cases at the specific Level I Trauma Center.
 - ii) Trauma Region needs for continuing and additional services based upon an assessment of any documentation submitted including recommendations from regional planning bodies and local health departments.
 - iii) Extreme financial hardship based upon an assessment of any documentation submitted, such as financial statements, a description of financial pressures because of volume and severity, description of financial effect of the Level I designation and any study of Level I trauma costs.

- C) Grants shall be awarded from each portion of the appropriated funds according to the formulas set forth in subsections (b)(2)(A) and (B). In each Trauma Region, this formula shall result in a least one Level I Trauma Center receiving a grant of \$50,000. If the formula does not result in at least one Level I Trauma Center in each Trauma Region receiving a grant of \$50,000, then the Level I Trauma Center which would receive the most under the formula in the region will be allocated \$50,000 and the formula will be reapplied for the distribution of the remaining funds.

c) Grant Period.

The Department will conduct one grant period for these grants with the available funds which shall commence on a specified date each year. All applications shall be due on the date set by the Department. Notification of the grant awards shall take place within 4 to 6 weeks of the application deadline.

d) Grant Requirements.

All grantees shall enter into a grant agreement with the Department. This grant agreement shall include the grantee's assurances that the

grantee will maintain its designation as a Level I Trauma Center for the grant period and submit the Trauma Registry data required under Section 540.100 directly to the Department. Any grantee that fails to maintain its designation or submit the Trauma Registry data required under Section 540.100 shall refund all funds granted for that grant period.

15) Summary and Purpose of Rules:

The Illinois Department of Public Health is charged with the responsibility of approving breath, blood and urine test methods for alcohol and other drugs, licensing test operators and certifying breath test instruments.

The Department is proposing the following rule modifications:

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF ADOPTED AMENDMENTS

Deleting Section 510.40(b)(2) Photoelectric Colorimetry from the approved methods of breath analysis and remove the Breathalyzer Model 1000 from the list of approved devices for breath analysis.

The Breathalyzer Model 1000 was produced by the Smith & Wesson Corporation which ceased the manufacturing of all breath analysis instruments in June 1984. The last Breathalyzer Model 1000 delivered in Illinois was received in 1974. There are 10 operating Model 1000's left in service. The Model 1000 utilized a glass ampoule containing 3 milliliters of sulphuric acid and potassium dichromate in solution. This is the only breath instrument left in Illinois which used a toxic chemical solution. To dispose of used ampoules the solution was simply washed down a drain placing a very dangerous soluble chemical in the environment. With the deletion of the Breathalyzer 1000 from the approved list of test devices, Section 510.50 Assaying Ampoule Solutions should also be removed from the rules. Without the Model 1000 in service there will be no need for ampoules or assaying ampoule solutions.

In addition to the above, it was impossible to obtain spare parts or repair a Model 1000. A unit 15 or more years old is no longer reliable and created major maintenance problems.

The Department will be clarifying that the required number of hours of instruction is 32 and not 34 and proposing an addition to Section 510.70, adding a new subsection (g) entitled "Instructor Qualifications" to provide the specific requirements.

Section 510.100 is being amended to correct a typographical error; deleting the % symbol. Section 510.110 is being amended to clarify that samples must be sent to certified laboratories, not the IDPH laboratories.

In addition, the Department is changing the name and address for "S-L2 and S-D2" in Section 510.130(e)(3) because the manufacturing company has changed.

16) Information and Questions regarding this Adopted Rulemaking shall be directed to:

Mr. Robert John Kane, Division of Governmental Affairs, Department of Public Health, 525 West Jefferson, Second Floor, Springfield, Illinois 62761, 217/782-6187.

NOTICE OF REFUSAL TO MEET THE OBJECTION OF THE
JOINT COMMITTEE ON ADMINISTRATIVE RULES

6) Summary of Action Taken by the Agency:

The Committee objected to the Department's emergency rulemaking on the basis that the emergency was created solely by the Department's failure to act in a timely manner to promulgate rules pursuant to Section 5.01 of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1989, ch. 127, par. 1005.01).

While the Department does not disagree with the Committee's facts concerning the effective dates of the Public Acts and the date of funding availability, there were numerous policy and procedural issues to be resolved, many requiring the input and consultation of community providers. Because the Department continues to believe that delaying the implementation of these programs would have a serious adverse effect on the care and well-being of mentally disabled persons, and because it does not wish to be cited for operating programs without having adopted rulemaking, the Department respectfully refuses to withdraw its emergency rulemaking.

At its meeting on November 13, 1990, the Joint Committee on Administrative Rules objected to the above proposed rulemaking. Failure of the agency to respond within 90 days of receipt of the Statement of Objection shall constitute withdrawal of the proposed rulemaking in its entirety.

The specific objection is as follows:

The Joint Committee objects to the rulemaking of the Department of Commerce and Community Affairs entitled "State Administration of the Federal Community Development Block Grant Program for Small Cities" (47 Ill. Adm. Code 110), because policies of the Department are included in its "Grants Management Handbook", and "Community Development Assistance Program" booklets (1990), which are not in the Department's rulemaking, and standards governing how the Department shall exercise policy are not stated, in violation of Sections 3.09 and 4.02 of the IAPA.

The Department of Commerce and Community Affairs proposed amendments to its rules governing its administration of the Federal Community Development Block Grant for Small Cities program. Federal Housing and Urban Development regulations are incorporated by reference. Projects eligible for the program include economic development, public works and housing rehabilitation. Applicants for grants must submit a plan for minimizing displacement of residents in a project area. The Department's grant award criteria include the need for a project; ability of the grant applicant to carry out the project and an evaluation as to whether program objectives will be met through the grant applicant's proposed activities. requirements and award criteria are provided for emergency public facilities, general economic development, competitive public facilities and competitive housing rehabilitation components of this program.

The Department was asked to submit copies of its application materials and grant manual for administration of this Part. The Department did so, submitting a "Grants Management Handbook" and "Community Development Assistance Program (1990)" booklets. All three publications contain numerous provisions that make plain to grant applicants and recipients what is required of them, but which are not included in the Department's rules or rulemaking. Illustrations follow:

I. Grants Management Handbook:

- a) Specified accounting books of original and final entry are prescribed, pages 7 and 8.
- b) Procurement policies of grant recipients are prescribed, pages 10-12.
- c) Grant modification filing procedures are stated, pages 61-63.
- d) Environmental review compliance procedures are stated, pages 71-72 and 80-89.

An examination of the Department's existing rules and proposed rulemaking did not disclose where detailed subject matter such as highlighted above was prescribed or required. The Department was asked to provide a citation to provisions of its administrative rules in which specifically named accounting records were required. The Department did not do so. An examination of the Department's general grant administration requirements (47 Ill. Adm. Code 1) does not disclose the specific accounting records, procurement policies and environmental review procedures described above, although these are headings devoted to procurement and financial management requirements.

II. Community Development Assistance Program booklets:

- a) The Department reserves the right to negotiate the amount, term and interest rate of loans to a company, page 4.
- b) The Department reserves a right to withdraw a commitment for funds at the discretion of the Department if it is determined a project will not progress, page 4. (Both (a) and (b) fail to state standards governing how the Department shall make such determinations.)

- c) Ranking criteria for the public facilities component would be higher when there is submission of a "detailed report", page 11. The Department does not specify reporting requirements however. Other ranking criteria for various components are higher if certain action is taken by the recipient.

The Department was asked to provide a citation to any administrative rule provisions in which such policies of the Department, and the reservation of discretionary authority by the Department, are stated. The Department did not do so.

Section 3.09 of the IAPA defines "rule" as "each agency statement of general applicability that implements, applies, interprets, or prescribes law or policy..." The above mentioned requirements contained in the Department's pamphlets fall under the definition of "rule" and must be included in the Department's rules governing this program. The Department, in response to the perception that such requirements are in fact policies of the Department having an external effect, reported that its material were only illustrations or examples of what would be acceptable to it, and that such policies were not mandatory requirements. The Department's argument that its handbook materials do not have mandatory external effect does not reflect actual practice. A grantee, in order to assure receipt of funds, is not going to risk grant suspension or termination because he chose not to use the accounting records specified in the Department's handbook. The Department's omission to prescribe such specific requirements in its administrative rules, and their inclusion in the Department's handbooks, leave no other impression. Text for the Department's handbook supports that view:

"The accounting system requires (emphasis added) certain books of original and final entering to record information on the CDAP fund."

... These books consist, (note, not may consist) of:

Cash Receipts Journal - all cash receipts deposited into the CDAP Fund.

Cash Disbursement Journal - all expenditures are recorded.

Payroll Journal - all payroll disbursements are recorded.

Department's rulemaking, and which, according to the Department, are not stated in the Department's rulemaking.

Voucher Journal - all voucher transactions are recorded. These consist of non-cash transactions such as accounts receivables or accounts payables.

Section 4.02 of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1989, ch. 127, par. 1004.02) requires rules that implement discretionary powers to be exercised by an agency to include the standards to be used in the exercise of discretion. Section 4.02 further requires that the standards be stated clearly and precisely, so as fully to inform those affected by the rule.

. . . The books of final entry consist (note, not may consist) of:

General Ledger - summary of each account of the CDAP accounting system.

The Department was unable to provide a citation in its rules in which it reserves a right to negotiate loans or withdraw a commitment of funds. Lacking standards for the exercise of such discretion, the matter is aggravated further.

Fixed Asset Ledger - recording of all fixed assets which have been acquired with CDAP Funds.

Clearly the Department could amend this Part to more accurately describe its grant administration policies. Section 3.09 of the IAPA demands as much. Many issues could be resolved by means of cross-references or incorporation of material by reference under Section 6.02 of the IAPA. A reading of the Department's booklets leaves little doubt that grant applicants/recipients are to comply with the recordkeeping and reporting format which the Department argues are only illustrations.

Although the above stated accounting formats are standard types of records, it is quite plain they are mandatory requirements, and not, as the Department asserts, merely illustrations of the types of records a grant recipient may elect to maintain.

Since the enactment of the IAPA courts have had occasion to interpret what sorts of policies or documents constitute a "rule" under Section 3.09 of the IAPA. A requirement contained in a departmental "manual release" that public aid applicants must submit proof of a disability within 14 days of filing an appeal was deemed to be a rule under the IAPA, *Sleeth vs. Illinois Department of Public Aid* 81 Ill. Dec. 117, 466 N.E.2d 703 (Ill. App. 3 Dist. 1984). In a circuit court case now pending, in granting plaintiff's motion for partial summary judgment, interpretative guidelines used by the Department of Public Aid in setting standards for reimbursement of nursing homes were deemed "rules" under the IAPA and *Senn Park Nursing Center v. Miller*, 83 Ill. Dec. 609, 470 N.E.2d 1029 (Ill. 1984), see *Illinois Health Care Association v. Kustra* (Cir. Ct., Cook County, No. 89-CH-1234, August 2, 1990). Although the Department continues to insist that its handbook materials are illustrative only, the choice of language used by the Department, linked with the measure of detail in its handbooks, could afford prospective grant applicants little other conclusion than that such elements were mandatory requirements.

Finally, elements of the Department's booklet call for the exercise of discretionary authority which lacks standards presented in the

Therefore, the Joint Committee objects to the rulemaking of the Department of Commerce and Community Affairs entitled "State Administration of the Federal Community Development Block Grant Program for Small Cities" (47 Ill. Adm. Code 110), because policies of the Department are included in its "Grants Management Handbook", and "Community Development Assistance Program" booklets (1990), which are not in the Department's rulemaking, and standards governing how the Department shall exercise policy are not stated, in violation of Sections 3.09 and 4.02 of the IAPA.

The Sections Affected Index lists, by Title, each Section of a codified Part on which rulemaking activity has occurred in this volume of the Register and is divided into two parts: the first lists the Sections on which rulemaking activity occurred in the previous issues of this volume year; the second lists the Sections on which rulemaking activity occurred in this issue of the Register.
